What are your key learnings from the Seminar?

(Need to be completed in at least 100 words in order to get credit)

Attending this seminar, I learned about the important aspects of being a leader. I learned that being a leader is not the same as being a boss. A leader is someone who is able to take care of the people they are in charge of. I learned that to be a successful leader, one must be willing to continually learn, have empathy, and have an entrepreneurial mindset. I also learned that communication is a very important skill for leaders. Communication is important because it allows a leader to connect with and better understand the people they oversee. Healthy and effective communication will build trust between leaders and those who they oversee, promoting a healthy and productive environment for everyone to succeed.

How can this session be improved? (write in the space below)

I think that this seminar was exceptional as is. If I were to go ahead and suggest an improvement, I would be nitpicking.
